April 20, 2020

Dear Friend of Greenwoods,

Greenwoods has dramatically expanded its programs and services for Litchfield County's most vulnerable populations in the past year. Thanks to your support, we made measurable progress toward moving Northwest Connecticut toward fewer mental and substance use disorders, suffering fewer suicides, and enjoying improved physical, emotional, and interpersonal health with a variety of initiatives, including:

Connecting more clients to the mental health services they need. Two years ago we connected 615 patients with skilled mental health professionals, representing a 62% increase in service from the previous year. In the 2018-19 program year just ended, we scheduled 670 mental health assessments and connected 733 patients with mental health professionals, representing a 19% increase in service from the last year. Plus, 63 Greenwoods' clients received \$25,360 in financial aid to pursue 634 counseling sessions.

Expanding our School Project (and renamed it Youth Mental Health Program). In 2018-19, Greenwoods replicated its model of assessment and referral in the Litchfield Public Schools and WAMOGO High School. In the 2018-19 school year, staff has also expanded to Oliver Wolcott Technical High School. We are dedicating four professionals—three mental health clinicians and one mental health clinician/program administrator—to support this program.

Fortifying the fight against the opioid epidemic. We have undertaken a Medication Assisted Treatment (MAT) initiative to support 20 patients in recovery from opioid addiction. Greenwoods and a local APRN provide Suboxone prescription and individual counseling to patients in recovery through the Suboxone Maintenance and Relapse Prevention Program. This allows us to support individuals, families, and communities that are disproportionately harmed by the opioid epidemic and historically underserved in mental health and addiction.

Empowering community health. Greenwoods has put its vision of community wellness into action in multiple ways:

- With the support of the Connecticut Department of Mental Health & Addiction Services, a Community Outreach & Recovery Services Specialist has joined our staff dedicated to connecting all Litchfield County residents with the mental health and substance abuse treatment services they may need.
- We've supported the production and public presentation of the film *Uprooting Addiction: Healing from the Ground Up* that presents a unique approach to fighting drug and alcohol addiction in the Northwest Corner.
- We're an active member of the Litchfield County Opiate Task Force where our Executive Director John Simoncelli is on its Executive Committee.

None of this critical work would have been possible without your generous support. We are deeply grateful for your investment in our work and vision as we continue to forge and foster the community-wide connections that heal and nurture the health of our neighbors.

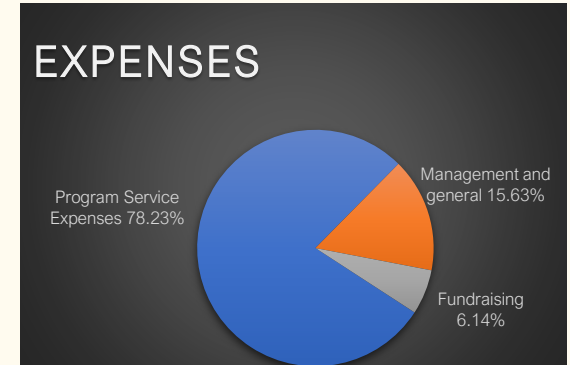

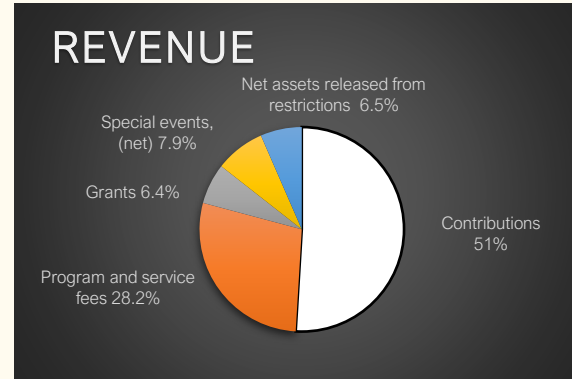

Faithfully,

Ted Bent
 President of the Board

John Simoncelli LCSW, LADC, MPA
 Executive Director

Greenwoods Counseling Referrals, Inc.
 Statement of Revenues, Grants and other Support and Expenses
 For the Year Ending 8/31/19

Source: Audited Financial Statements

HOW WE HELP...

Anna, a young, single mother of two came to us at her wit's end. She was going through a divorce, caring for her pre-school children, and trying to manage a demanding job. Anna was desperately trying to keep her life in order but, unfortunately, she felt she was failing. Then she heard about Greenwoods and telephoned our counseling referral service. After an immediate visit with our warm intake specialist, she was on a path to hope:

"My interview was more than I ever expected. You were so willing to listen and help me. I left with hope for my future. I felt like I could be happy again."

Anna is safe now. She is better able to cope not only for herself but for her children as well and is currently in the care of a professional counselor as a result of Greenwoods' referral.

Thank you for insuring Greenwoods has the resources to perform our day-to-day tasks to stay true to our mission.

We are truly grateful for your ongoing support.
